This outfit is made to fit Sen's "love to crime and violence and main character" personality. The outfit can be worn by anybody, unlike Illium's, who has to be a certain level to be able to wear this outfit. This outfit, a pair of pants with a sports vest, is inspired by the outfits worn by cowboys in old western movies. Special character interaction Alwus: If this character interact with this outfit, it will lead to the following dialogue options. "Oh, hey there, Alwus. You're looking better than ever." "Yeah? It's nice to meet you, I guess. I'm the new guy who joined the troupe." "Oh, it's nice to meet you too, Alwus. I'm Sen." "Oh, what a nice nickname! I'm gonna call you Sen. You'll be a great team partner, I'm sure." Other Characters: If this character interact with this outfit, the following interaction will appear. "You look just as pretty today as always! What's wrong?" "Thanks a lot!" "Your thanks is more than enough for what I did for you in the past." "Do you still have that tall hat I made for you? I kinda like having it." "Thank you. I made you the parts for this outfit myself." "Hey, you look good in that hat! Well, I guess you are good at making hats, too! Just like the one you made for Alwus." "For some reason, I feel better when I wear that hat." "Thank you, Alwus! I feel good when I wear that hat! It really suits me!" "Ah, you're really looking spiffy, today! How do you feel?" "You know, I wish I could wear something with a hood, like this outfit! I guess I can't complain!" "I feel really good! This outfit is really nice!" "This is a great outfit! I sure hope Sen will give me this outfit, too!" The Grey Suit The Grey Suit is available for purchase in the hairstyle shop. It's a pair of jeans. This outfit is inspired by the leather coats worn by mages, who are made in order to protect themselves from the cold

"Spirits of Xanadu is an interactive story where your every action is a choice, but your choices have real-world consequences and ripples across three different worlds. It features a richly detailed, tactile 3D environment rendered in a hand-drawn style to enhance the atmosphere and story in a blend of art, game and theatre. Using a branching choice-based narrative, players are asked to freely explore a series of original interactive vignettes. The story unfolds as a fully interactive document - from character development to multiple endings, and is infused with subtle messages, and stylized, metaphorical graphics that have a cinematic quality. In order to fully explore all story beats and generate a fully authentic experience, every choice leads to alternate endings. The result is a story that is both cinematic in format and intelligent in design, evocative in visual style and immersive in experience. Spirits of Xanadu's moody first-person perspective is reminiscent of works such as David Lynch's The Straight Story (1999), Twin Peaks (1990-91) and Run Lola Run (2004), which are often included in the same genre as the modern survival-horror game."
